Be Surf Safe

BEACH FLAG WARNING SYSTEM

Can't see the flag from your location?

Download the FREE Town of Dauphin Island app.

The Rip Current risk status is listed at the top of the app's home page.

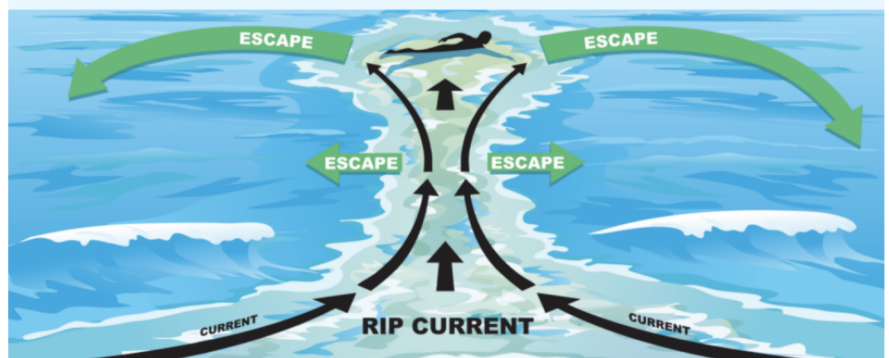

Rip Current Education

Scan the QR Code to check out the rip current education tools available online in the NOAA and USLA Rip Current Safety Toolkit (weather.gov)

Keep up to date with changes in our local forecast, weather warnings and rip current alerts by adding Dauphin Island as a location in your favorite weather app and turning weather alerts "ON" during your stay. Rip current conditions can also be found on the home page of the Town of Dauphin Island app (available FREE in your app store).

What to do if you're caught in a rip current:

Remain calm, yell for help, stay afloat and swim parallel to the shore.
